## Invitation to (Two-Stage) Tender

Tender Ref.no. 1401/21

### **Subject of the Tender:**

Design, Engineering, and Consultancy Services for “Annual Production of 500,000 tons of ROM Coal from Phase 2 of Development Project of Parvadeh 4 (Block 6 and 7), Tabas”

(PHASE 2 DEVELOPMENT PROJECT)

**Client:** Tabas Parvadeh Coal Company (Public Joint Stock)

**Project Location:** Parvadeh Coal Area, Tabas Basin, about 80km south of Tabas city in the center of Iran

**Nominated Service Provider:** IRASCO has been employed to assist the Client in performing this Tender.

### **Description of the Project:**

- This coal deposit is at a depth of about 400 meters below the surface, the seams are thin, low gradient with high gas content.
- The mine and its infrastructure shall be designed and developed to produce 500,000 tons of Run of Mine (R.O.M.) coal annually.

### **Scope of Services:**

- Review of all available exploration and previous conceptual designs;
- Propose complementary staged exploration program;
- Review of washability data and proposing the most suitable solution optimizing the current coal preparation plant for washing the produced coal from Block No.6 Project;
- Carry out a Conceptual Design for the Project (mine and infrastructure);
- Preparing Bankable Feasibility Study;
- Preparing the design bases data for the Project, including mine development, mine operation and infrastructures;
- Preparing Basic Design for mine development and infrastructure;
- Preparing EPCF Tender Documents;
- Assisting the client during Tendering process and Tender evaluation;
